

LOCOMOTION GAMES

DAY 5: ON TRACK TO SPLASH

I've seen a lot of great teamwork this week at Loco Motion Games, and today we're on track with how Jesus' power helps us be good friends. (Trust Jesus!)

What You Need

- 2 buckets, or 1 per participant, with water inside
- 1 small ball

How to Play

- Place two buckets of water a good throwing distance apart.
- Set a timer for 1 minute
- Have one participant start with the ball
- When the timer starts, toss the ball back and forth into each other's buckets
- Whoever gets the ball into the other participant's bucket when the timer ends, wins the game

Wrap-Up Questions

1. What was the hardest part of the game for you?
2. What strategies did you figure out that made things easier?
3. What are some things in your life that used to be really hard for you to do that you're better at now? Share an example of your own first, such as struggling to learn to tie your shoes when you were younger.
